Discussion Questions and Suggested Readings For “What’s the Message?” Lessons

Lesson 27

Questions

A few years ago a young man wrote to me, challenging that the Ten Commandments should not be posted in our courts or other public buildings. Do you agree or disagree? Why, or why not?

This same person also argued that the commandments were no longer relevant, and had no place in our society. Again; do you agree or disagree? Why or why not?

What is the significance of the verse cited in Exodus, chapter 19, verse 5?

Is obedience really so all important?
