Discussion Questions
For “What’s the Message?” Lessons

Lesson 86

Question:

If you have been following this course from the beginning, this question should be very easy to answer: “What is the major theme, or central doctrine, that ties the Old Testament together?”

Read again lessons 20, 30, 58, and 77, with the Study Aids, and think through the points raised.

It cannot be stressed too much that the book of Genesis lays the foundation of all that follows. Listening to those lessons again will help you to understand more fully the entire Old Testament. And the more you know about the Old Testament, the more you will get out of the New Testament.
