Lesson 95 – The Necessity of Christmas

Questions:

Jesus used the imagery of “the lost sheep” that He must gather back into His flock. In what way can you see people today as being like sheep? How can the image of sheep be transferred into the imagery of the geese in our story?

Were the geese too “blind” or too “dumb” to understand that the man was trying to save them? How does this relate to us?

Do you think that God becoming one of us was the only way to lead us to salvation? What other way can you picture our salvation happening? Do you think that eventually we would figure out a way on our own?

Thinking of our story, are the words of John 3:16 more significant to you now? Have you memorized those words yet? If not, how about starting to learn them by memory today?
